County of Sullivan
2026-2031
Adopted Capital Budget Plan

Comm of Management & Budget

Capital Budget Narrative

Sullivan County defines a capital expenditure as any movable or fixed unit of furniture or furnishings, an instrument, a machine, an apparatus, or a set of articles which meet all of the following conditions:

- It retains its original shape and appearance in use.
- It is non-expendable; that is, if the article is damaged or some of its parts are lost or worn out, it is usually more feasible to repair it rather than replace it with an entirely new unit.
- It represents an investment of money over \$25,000, which makes it feasible and advisable to capitalize the item, and has a life expectancy of greater than one year.
- It does not lose its identity through incorporation into a different or more complex unit or substance.

Capital expenditures also include any vehicle purchase, as well as any major improvements to County vehicles, regardless of price.

The 2026 Capital Budget anticipates spending \$36.1 million in total. The largest single investment is for road infrastructure: \$7 million is requested. \$4.8 million of the capital budget is included in the 2026 Adopted operating budget. The balance comes from State and Federal aid.

Many building-related projects requested in 2026 have been moved out to later years, to allow for buildings and space analysis to be performed countywide. This will allow for a more efficient plan of action with regard to county buildings. Other building-related projects have been approved and will be paid for with bonded funds. See details below.

RECURRING CAPITAL EXPENDITURES

Recurring capital expenditures are those that are generally made on an annual basis. Recurring capital expenditures for Sullivan County include:

- Road and bridge repair
- Vehicle purchases
- Heavy equipment purchases
- Building repairs
- Flood remediation

NON-RECURRING CAPITAL EXPENDITURES

Non-recurring capital expenditures are those that are infrequent in nature and not normally part of the capital budget. The following non-recurring capital expenditures have been included in the 2026 Adopted Capital Budget:

Buildings

Also included is \$2M for the demolition of the old jail, \$7.5M for the construction of a new DPW Administration building, \$1.5M for the demolition and construction of a new Callicoon Shop and \$150K for an Organics Facility Design and Build.

Sullivan County International Airport

A potable water project has been presented for the SCIA. PFOA/PFAS chemicals have contaminated the local aquifer and a new potable water source may become necessary for the general Airport area. This holds a County cost of \$500,000.

Solid Waste

Funds have been allocated for the design and construction of an Organics Facility on the old village landfill. This will divert some of the solid waste from the landfill to salable topsoil, reducing the cost of solid waste.

District Attorney

The District Attorney's office is in need of an independent server to allow for confidential investigations and increased surveillance to include the envelope of the District Attorney's building. This will allow for a more timely presentation to courts for subpoenas and share with local, state and federal probes as dictated by NY statutes. The purchase of hardware for unstructured digital forensics analytics is also included in the 2026 Capital Budget.
