

Training Announcement

**Fire Prevention
and Control**

Course Title: **AIR SAMPLING & MONITORING FOR THE OPERATIONS LEVEL RESPONDER**

Location: RICHARD A. MARTINKOVIC PUBLIC SAFETY TRAINING CENTER

Date: **JANUARY 13, 2027 @ 6:30 PM**

Hours: **4**

Course Description

This course is designed specifically for firefighters who are likely to be the first responder to Hazardous Materials Incident. It focuses on the critical initial actions that need to be taken immediately upon arrival at the scene. This comprehensive class will equip firefighters with the necessary knowledge and practical skills to effectively assess and monitor potential HazMat situations, ensuring the safety of both the responder and the public. The course is broken into four parts, Basic Chemical and Physical Properties, Meter Operations, Cross Sensitivities, and Non-Electronic Technology.
